

STRAY NO MORE, INC.  
FOSTER FAMILY APPLICATION FORM

STRAY NO MORE, INC. is a not-for-profit organization dedicated to helping unclaimed, homeless and abused animals through medical treatment, foster homes, permanent homes and education.

The only way we can rescue an animal is first through donations that pay for the medical treatment (average cost is \$150.00), then second through our foster home network. Since we are not a facility, we depend solely on our foster homes. Without the foster homes, the animals have nowhere to live. Once in the foster home, the animal blossoms with the special touch the foster parent provides. After being in the foster home for at least 2 weeks (where we find out the animals likes and dislikes, training, etc.), we begin to advertise for a permanent home (which is screened and a housecheck preformed).

**Stray No More, Inc. pays for all medical treatment, crate, leash, collar, I.D. tag, micro chip, heartworm and flea prevention and a behavior therapist, if needed, while in foster care.**

**The duties of a foster parents are:** 1. Provide food, water, toys, bed. 2. Transport to the vet. if necessary. 3. If a hurricane is approaching, evacuate and take foster pet. 4. Provide information to Stray No More volunteer regarding the pets personality, etc. 5. Talk to potential adoptive parents on the phone (we give you their number), and once approved by a Board of Director, set up a time for potential parent to visit with foster pet.

WE SINCERELY APPRECIATE YOUR HELP!!!!!!! Please spread the word! If you would like to foster a cat or dog, please fill out the information below. The animals thank you from the bottom of their hearts!

STRAY NO MORE, INC.  
FOSTER CODE OF STANDARDS

1. **Patience.** These animals were homeless, stray, or abused so many are fearful of being left behind again. Most animals, within a few days, will start to relax and show trust in you. Realize you will need to help the animal adjust to his/her new life. Let us know everything about its personality. This is VERY important when making a match with prospective parents.
2. All dogs should be **walked** on a leash a minimum of 30 minutes daily. This will help leash training, keep them in shape and aid in the adoption process. Just letting a dog out in the backyard is not sufficient for the dog to stay in shape.
3. Spend **quality time** with your foster pet daily.
4. NO DOG is to ever be chained outside or inside. Too many deaths happen due to heat stroke, lightning, neglect, stolen for pit bull bait or animal experimentation and animal sacrifices. Chaining may also create an aggressive dog which could bite. Even if you have a fence, you should monitor the animal closely to be sure he/she doesn't try to dig out or jump the fence.
5. Never leave any foster pet in your backyard without your presence in the yard or in the house. People will open fences to steal or accidents can happen.
6. All foster pets are to be **INDOORS** when you leave the house for work, etc. We will provide a kennel if needed. Please let us know.
7. All dogs need to be let out within 8/9 hours to relieve themselves. After this time, it would be considered abuse. However, if you are fostering a puppy, depending on its age, the puppy needs to be fed and let out every 3/4 hours. Regarding feeding, please do not let foster pet become overweight.
8. All pets **MUST** have a Stray No More **identification tag** on a collar at all times!!!!!! Stray No More provides this identification tag for fosters. Stray No More also provides the collar and leash.
9. Never leave a choke chain on a dog/puppy unless you are using it when taking a walk. Extremely dangerous when left on unattended.
10. Please be able to take the foster pet to one of our vets in an emergency or for any necessary medical treatment. We will tell you which vet is to be used and clear you with that vet. Stray No More pays for ALL medical treatment, including heartgard preventative and flea preventative.
11. Plan ahead for your foster pet if a hurricane approaches. The Red Cross shelters do not allow animals. Since Stray No More does not have a facility, we rely on your help tremendously!
12. If deemed necessary by a Stray No More board of director, please turn your foster pet over to a Stray No More representative. This would only happen when a board of director has cleared the approved representative with you. Otherwise, you do not surrender the pet to anyone.
13. Never give your phone number out to anyone interested in adopting the pet. Have them call the SNM number, (561) 683-4537 to have an interview conducted first.
14. NEVER let the pet go to anyone's home (for adoption) unless that person has been interviewed by SNM and had a house check conducted Stray No More will be keeping you informed at all times. SNM volunteer will call you and give you the phone number of interested parent(s). We do not give out your phone number to strangers.
15. If you are ever having a problem, please let us know. We have trainers and behavior therapist available to help foster pets.
16. If you are unable to foster pet, please give us sufficient notice so we can try to find a new foster. Please be prepared to take foster pet to location provided to you by SNM volunteer.
17. Feed, water, walk and love your foster pet and you will both have many happy times together.
